A Division of McGrath Pools, Inc.

MEMORANDUM

TO : Omar L. Luna, Recreation Director (City of Miami Springs)
FROM: Thomas M. McGrath
RE : City of Miami Springs Swimming Pool
SUBJ : Report of Existing Pool Surface Conditions [including: a) Pool leak status; b) Number of surface coating voids; c) Number of steel rust extrusions; d) Light fixture status; e) Recommendations]
DATE : July 5, 2012

The goal of this report is to 1) Evaluate the current interior pool surface conditions; 2) Quantify the extent of visual structural coating voids and extruding steel damage; 3) Determine the basic preparation required to prepare for ideal coating conditions; 4) Recommend if partial-pool coating or total-pool coating is now appropriate for swimming pool interior restoration.

REPORT: During June and the early part of July, 2012, a series of inspections, observations and testing procedures have been performed and indicated the following:

POOL LEAK STATUS: All surfaces of the pool interior were dye tested (including around inlet/outlet fittings, light niche housings and expansion joints). There were no indications of water and/or dye loss during this testing process.

NUMBER OF SURFACE COATING VOIDS: All surface areas of the pool interior (including wall & floor areas) were closely inspected (by experienced pool scuba divers) and the total number of voids (i.e., sections of the concrete pool shell that are exposed) recorded was one hundred ninety-four (194).

NUMBER OF STEEL RUST EXTRUSIONS: All surface areas of the pool interior (including wall & floor areas) were closely inspected (by experienced pool scuba divers) and the total number of steel rust extrusions (i.e. rusting and/or oxidizing pool reinforcement steel that is extruding through the pool shell concrete interior surface) recorded & verified was forty-two (42).

LIGHT FIXTURE STATUS: All twenty (20) pool light fixtures were removed, disassembled and inspected. Six (6) of the light fixtures have major water damage to the sockets and do not currently function. The other fourteen (14) light fixtures were tested, transformer wiring checked and serviced (e.g., new bulbs and lens gaskets installed).

RECOMMENDATIONS: 1) Install six (6) new pool light fixtures to replace existing defective ones (to allow for safe evening swimming activities); 2) When current swimming season is over, schedule repair of the **deteriorating** rust extrusion problem ASAP to avoid additional damage to the swimming pool shell structure (due to exposed reinforcement steel being continually & directly corroded by chemically-treated pool water); 3) Completely repair all pool shell structural voids, cracks and fractures; 4) Apply bond-coating membrane to all interior structural shell surfaces (prior to installing new coating surface); 5) Due to the extent of current deterioration to the pool surface structure (e.g., 194 voids and 42 areas of exposed reinforcement steel), it would be prudent to **completely** restore the pool surface instead of considering a partial or sectional restoration; 5) Restore existing pool floor racing lane tiles instead of replacing them, as a cost-saving option.

Agenda Item No. 10 I

City Council Meeting of:

2-25-2013

TO: Honorable Mayor Garcia and Members of the City Council

VIA: Ronald Gorland, City Manager

FROM: William Alonso, Assistant City Manager/ Finance Director

DATE: February 22, 2013

RECOMMENDATION:

Recommendation that Council approve an expenditure to Ideal Architectural, the lowest responsible quote, in the amount of \$ 49,550.00, for professional design services in connection with the Curtiss Mansion site improvements, pursuant to Section §31.11(C) (2) of the City Code.

DISCUSSION:

CMI and the City are diligently working on closing all pending construction items for the Mansion. CMI solicited responses via email for a Request for Quote & Qualifications (Attachment "A") for professional design services in connection with the Curtiss Mansion site improvements. 3 quotes were received; VC Architects (Attachment "B"); Southeast Designs (Attachment "C"); and Ideal Architectural Design (Attachment "D"). All the response were reviewed and evaluated (Attachment "E") by CMI.

Ideal Architectural Design was determined to be the lowest most responsive responsible quote. As always, CMI will manage the design process and all the scope of work involved with the hired Architect.

COST: \$ 49,550.00

FUNDING: Historic Tax Credit proceeds

PROFESSIONAL SERVICES APPROVAL:

TR

Curtiss Mansion, Incorporated
P.O. Box 661-494
Miami Springs, Florida 33266

Attachment A

**REQUEST FOR QUOTE & QUALIFICATION
FOR PROFESSIONAL DESIGN SERVICES IN CONNECTION WITH THE

ARTICLE I ARCHITECT'S RESPONSIBILITIES

The Architect shall provide architectural services for the project, including normal structural, mechanical and electrical design services. Services shall be performed in a manner consistent with professional skill and care.

Our Scope of work will consist of the following:

Construction Documents:

1. Site Plan Elements
 - 1.1 Large Pond Pump System and Two (2) docks with retaining walls
 - 1.2 Small Pond Water Feature System
 - 1.3 Bar BQ Area
 - 1.4 Storm Drainage System
 - 1.5 Turf Blocks System for Overflow Parking
 - 1.6 Mansion Covered Entry
 - 1.7 Site Lighting
 - 1.8 Bike Path Modify
 - 1.9 Dumpster Enclosure
 - 1.10 Storage Building (12x12)
 - 1.11 Signage
 - 1.12 Security Entry Gate System
2. Restoration of Entry Gate Buildings
3. Any Civil Engineering related Surveying Work

ARTICLE 2 OWNER'S RESPONSIBILITIES

The Owner shall provide full information about the objectives, schedule, constraints and existing conditions of the project, and shall establish a budget with reasonable contingencies that meets the project requirements. The Owner shall furnish surveying, geotechnical engineering and environmental testing services upon request by the Architect. The Owner shall employ a contractor to perform the construction Work and to provide cost-estimating services. The Owner shall furnish for the benefit of the project all legal, accounting and insurance counseling services.

ARTICLE 3 USE OF ARCHITECT'S DOCUMENTS

Documents prepared by the Architect are instruments of service for use solely with respect to this project. The Architect shall retain all common law, statutory and other reserved rights, including the copyright. The Owner shall not reuse or permit the reuse of the Architect's documents except by mutual agreement in writing.

ARTICLE 4 TERMINATION, SUSPENSION OR ABANDONMENT

At the event of termination, suspension or abandonment of the project, the Architect shall be equitably compensated for services performed. Failure of the Owner to make payments to the Architect in accordance with this Agreement shall be considered substantial nonperformance and is sufficient cause for the Architect to either suspend or terminate services. Either the Architect or the Owner may terminate this Agreement after giving no less than seven days' written notice if the other party; substantially fails to perform in accordance with the terms of this Agreement. .

ARTICLE 5 MISCELLANEOUS PROVISIONS

- 5.1 This Agreement shall be governed by the law of the location of the project.
- 5.2 Terms in this Agreement shall have the same meaning as those in AIA Document A205, General Conditions of the Contract for Construction of a Small Project, current as of the date of this agreement.
- 5.3 The Owner and Architect, respectively, bind themselves, their partner, successors, assigns and legal representatives to this agreement. Neither party to this Agreement shall assign the contract as a whole without written consent of the other.
- 5.4 The Architect and Architect's consultant shall have no responsibility for the identification, discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials in any form at the project site.

ARTICLE 6 PAYMENTS AND COMPENSATION TO THE ARCHITECT

The Owner shall compensate the Architect as follows.

- 6.1 The Architect Compensation shall be: A stipulated lump sum fee not to exceed of Fifty Two Thousand One Hundred Forty Dollars (\$52,140.00)

Additional Services shall be billed on an hourly basis at the following rates:

Principal:	\$110.00/hr
Senior Architect:	\$ 90.00/hr
Associate Architect:	\$ 75.00/hr
Drafting:	\$ 50.00/hr
Clerical:	\$ 35.00/hr

Project will be invoiced monthly on the amount of work completed.

- 6.2 The Architect shall be reimbursed for expenses incurred in the interest of the project, plus an administrative fee of Ten (10%) percent.

Reimbursables includes: Printing, Courier services, etc.

- 6.3 If through no fault of the Architect the services covered by this Agreement have not been completed within 12 months of the date hereof, compensation for the Architect's services beyond that time shall be appropriately adjusted.
- 6.4 Payments are due and payable upon receipt of the Architect's invoice. Amounts unpaid (30) days after invoice date shall bear interest from the date payment is due at the legal rate prevailing at the principal place of business of the Architect.
- 6.5 Architectural Services not covered by this Agreement include, among others, revisions due to changes in the scope, quality or budget. The Architect shall be paid additional fees for these services based on the Architect's hourly rates when the services are performed.

ARTICLE 7
OTHER PROVISIONS

- 7.1 Other Conditions: Architect will not be responsible for work agreed directly between owner and Consultants, not involving Southeast Design Associates, Inc.
- 7.2 Please review this Agreement, if you have any questions please do not hesitate to call me at (305) 871-1648. A retainer of Three Thousand Eight Hundred Dollars (\$3,800.00) is due at acceptance of Agreement.

(Insert description of other services and modifications to the terms of this Agreement.)

This Agreement entered into as of the day and year first written above.
(If required by law; insert cancellation period; disclosures or other warning statements above the signatures.)
